

PLEASED TO SEE HIM BACK

Washington Glad to Hear of Senator Daniel's Return.

Nobody Was Surprised

Not Expected that He Would Have Opposition—Tribute of Senator Beveridge—Representative Underwood Talks of Birmingham.

The Times-Dispatch Bureau, No. 147 G Street, N. W., Washington, D. C., June 6th.

The news of the renomination of Senator Daniel was received with greatest satisfaction in Washington. Every Virginian The Times-Dispatch correspondent talked to about it said that it was a fitting recognition of the services of Senator Daniel in times past that he should have any opposition for renomination. His colleague in the Senate, Senator Martin, seemed especially pleased that he had such a pleasing evidence of the regard the people of Virginia had for him. When asked if he had telegraphed his congratulations to Senator Daniel, he replied that he had not, because it was such a foregone conclusion that he had congratulated him many times on it before. The other Virginian Congressmen in town were likewise glad to know Senator Daniel's claims upon the people of the State were so fittingly recognized by those who have aspirations in the direction of the Senate.

Senator Daniel regards it as one of the most pleasing incidents in his entire career. When he was in Washington a few weeks ago he expressed this feeling to his newspaper friends: "I know of no evidence of the confidence and esteem of the people of my beloved State which would be more appreciated by me than to have no opposition to my reelection to the Senate. I have ever tried to do my duty by my State and by my people," said he, "and I would appreciate beyond words the feelings of the people which such a state of affairs would indicate."

BOOMING BIRMINGHAM. Representative Oscar W. Underwood, of Alabama, who is an alumnus of the University of Virginia, is in Washington looking after some matters pertaining to his district. This morning he happened in the dining room of the Raleigh, where Senator Martin and Congressman Hay and Flood were having breakfast together. Mr. Hay asked him how things were down in his district. Mr. Underwood represents the Birmingham district and lives in Birmingham. He replied:

"I never saw anything to equal it. We are having the most prosperous era there now that I ever saw. When we were seven dollars a ton our furnaces were making a good profit, but now that it is up to the neighborhood of eighteen dollars a ton they are making money hand over fist. Why, I do not think that there is any doubt that on an average of iron they turn out they realize a net profit of ten dollars. This has brought about an unprecedented boom in the iron business in my section, and many new furnaces have started up all around. I think that it is in a measure unfortunate. Already iron has come down about three dollars a ton, and it is my opinion that some of these days the bottom will drop out, and then some of our business furnaces will have to go out of business."

POSTAL CHANGES. A new postoffice has been established at Immer, Montgomery county, N. C., six miles northeast of Queen, with Alfred T. Parks as postmaster.

A new office has been established at Nixonia, Lincoln county, N. C., two miles south of Hagner, with Harry Nixon as postmaster.

The site of the postoffice at Lagrange, Culpeper county, Va., has been changed, and the site of the postoffice at River View, Montgomery county, N. C., has been moved three-quarters of a mile northeast of its old location.

The postoffice at Oak Lure, Henry county, Va., has been discontinued, and former patrons of that office will hereafter receive their mail at Edgewood.

A new star route service has been established between Wanchese and Skyeo, N. C., with rural box delivery. William C. Beckley, of Manteo, is the contractor for carrying the mail on the route.

Hereafter, or from June 19th the steamboat service between Skyeo and Hattersville will be changed so as to be between Manteo and Hattersville. Skyeo and Wanchese will be discontinued.

A YOUNG POET OF
CULPEPER COUNTY

L. W. L. JENNINGS,
Of Culpeper, an Alumnus of Richmond College and the author of the following poem:

The Strength of Love.
Ah! dear, this morning could I see thy face
And hear the whispered accents of thy voice
Bidding me strive up from place to place,
Still ever onward to my gleaming choice—
Ah! love, and feel about my neck entwined
The dear loved circuit of thy God-sent arms,
And on my cheek thy breath like unto wine,
Soft, zephyr-born, yet thro' a thousand
harmes a-ton our furnaces were
making a good profit, but now that it is
up to the neighborhood of eighteen dollars
a ton they are making money hand over
fist. Why, I do not think that there is
any doubt that on an average of iron they
turn out they realize a net profit of ten
dollars. This has brought about an
unprecedented boom in the iron business
in my section, and many new furnaces
have started up all around. I think that
it is in a measure unfortunate. Already
iron has come down about three dollars
a ton, and it is my opinion that some of
these days the bottom will drop out,
and then some of our business furnaces
will have to go out of business."

Remarkable Record of Jury Trials in Federal Court—New Enterprises Chartered by the Secretary of State—Union Label Registered

(Special to The Times-Dispatch.)

RALEIGH, N. C., June 6.—In the United States Court to-day the jury rendered a verdict in favor of the government in the libel case of F. A. Locke, involving the proceeds from the sale of a distillery and 1,100 gallons of whiskey, seized at Hamlet for violation of revenue laws. The contention of the plaintiffs was that there had been no violation of law and the seizure should not have been made. The seizure was made during the administration of F. W. Simmons (now U. S. Senator) as collector.

The remarkable record of 51 convictions out of 52 jury trials has been made during the term of the Federal Court, which closed to-day. Judge Purnell presided and District Attorney Harry Skinner prosecuted.

Lee Monument Fence.
Editor of The Times-Dispatch:
Sir,—Pursuant to an act of the General Assembly approved by the Governor January 28, 1903, appropriating a certain sum to erect an iron fence around the General Robert E. Lee monument, I advertised for bids, which, when received, did not come within the said appropriation for the character of fence I deemed it wise and best to erect, and not being willing to contract in excess of the appropriation and bind the State for more, I have decided to refer the matter back to the General Assembly for further consideration. I will be obliged if you will publish this, so that those who submitted bids may be informed on the subject.

Very truly, etc.
JNO. W. RICHARDSON,

TO ORGANIZE A CHURCH.
German and English religious services will be held to-morrow morning at 11 o'clock in the room of the Corporation Court in this city. They will be conducted by Rev. C. J. Ochsenschlaeger, traveling missionary of the Evangelical Lutheran Church in Virginia, who intends to organize a Lutheran church.

Bishop Keiley arrived in Petersburg to-day and is the guest of Rev. Father O'Connell. The Bishop's home was in St. Petersburg formerly. He will preach at St. Joseph's Catholic Church to-morrow morning at half-past 10 o'clock.

Petersburg will play the Newport News baseball team in this city next Monday and Tuesday.

Rev. Dr. R. J. Willingham, of Richmond, will preach at the First Baptist Church to-morrow morning.

Rev. George E. Booker will preach a special sermon before A. P. Hill Camp to-morrow evening.

IN REFERENCE TO THE CHARGE IN THE Blackstone paper that Milford Pettus, the colored man recently drowned near this city, was buried without being put in a coffin, Dr. Smith, who is in charge of the Alms-house, says the body was so swollen that it could not be put into a coffin, and was even too large for a coffin box. It was therefore wrapped in a mattress and buried. The rapid decay of the body made an immediate burial necessary.
